

TOPIARY HOUSE LIGHT STONE COLLECTION

TOPIARY
HOUSE

Constructed from 'Lightstone' these planters have irreplaceable advantages. Originating from China with an Orient appeal, these planters have a natural stone effect and are surprisingly lightweight. They also have no limitations to their design and size giving them a unique appearance and appeal.

Please refer to the image below which gives an accurate representation of just how a planter from this collection could look when combined with one of our elegant Topiary plants.

Topiary House supply both trade and retail. Further details can be obtained by emailing us at topiaryplants@topiaryhouse.co.uk
